

The Unified Biometric System

How to register your biometric data at a bank branch

The **Unified Biometric System** is a digital platform that allows citizens and non-citizens to receive services in person or remotely using face and voice recognition technology without presenting documents.

Find out more about the Unified Biometric System on the website ebs.ru

The registration process

A bank officer will help you to register in the Unified Biometric System.

The whole process will be carried out in three stages

1. You will be photographed
2. Sample of your voice will be recorded

You should clearly pronounce three sequences of numbers.

Please pronounce every sequence only after the officer's request

0 nol' **1** odin **2** dva **3** tri **4** chetyre **5** pyat' **6** shest' **7** sem' **8** vosem' **9** devyat'

9 devyat' **8** vosem' **7** sem' **6** shest' **5** pyat' **4** chetyre **3** tri **2** dva **1** odin **0** nol'

5 pyat' **9** devyat' **4** chetyre **7** sem' **3** tri **1** odin **8** vosem' **6** shest' **0** nol' **2** dva

3. Done!

Wait for the registration confirmation and enjoy biometric services at any time from anywhere in the world
